# THINK OF US AS YOUR OWN PERSONAL TRAINER FOR DENTAL SLEEP MEDICINE!

**Imagine adding a service to your practice that is needed by as many as 1 in 4 people.**

***Now imagine that you are one of the few, if not the only one, in your area who can provide this service*** at a level second to none. This isn't a dream – it is today's reality. Millions of Americans suffer from Obstructive Sleep Apnea Syndrome; few are diagnosed and fewer still are successfully treated. Dental Sleep Solutions® provides the training, systems, and ongoing support to get your practice fully involved in helping these millions of untreated Americans. Our systems of operation are borne from down in the trenches, everyday working dentists who have proven them to be successful. Think of us as your “personal trainer” to get you in shape and keep you there.

**Dr. Gy Yatros** has practiced on Anna Maria Island, FL since 1992 and has been making dental sleep devices since 2001. He has been interviewed extensively for his expert opinions by print, radio, and television sources and he is an international speaker who brings unbridled enthusiasm to promote more involvement by dentists. He is a Diplomate of the ABDSM and is an Affiliate Assistant Professor of the Department of Internal Medicine with the University of South Florida, College of Medicine.

**Dr. Richard Drake** has limited his practice to the treatment of OSA since 2002; shortly thereafter, he earned his Diplomate status from the ABDSM. He has lectured extensively to dentists and other health professionals across the country and has earned a reputation as a national expert in the area of dental device therapy techniques and reimbursement from third parties. He currently serves as the president-elect of the American Academy of Dental Sleep Medicine and on faculty at the UTHSCSA Dental School.

Dental Sleep Solutions® Franchising, LLC. is a jointly owned corporation providing franchise opportunities to qualified dentists. Through our proven systems and support, dentists can rapidly get involved in the field of dental sleep medicine. The utilization of our systems, support and resources will decrease the costs and aggravation of getting involved and increase your referral base and case acceptance. Ongoing professionally managed marketing campaigns are designed to position you as the “go to” dentist for sleep apnea patients in your community.
